1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Schweitzer.

Re claim 1, note that Schweitzer is cited disclosing a drive device, comprising: first drive means (V) containing a working fluid (vaporized working fluid F, see col, 2, line 52 through col. 3, line 14) and operated in response to a change in volume according to expansion and retraction of said working fluid by a heater(H), and second drive means (R) connected to said first drive means and controlling inflow and outflow of the working fluid relative to the first drive means.

3. Claims 2-3 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 4-9 are allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. In Gurubatham et al., Logsdon, UK'517, Christensen, Marcoux et al., Andersen, maus et al., and Davis, note the thermal motors/drives.

5. Applicant's arguments with respect to claims 1-9 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 1746

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
